Reason for Change:

The bundle SKUs are redundant and production for these is costly. We are moving to an a-la-carte solution where customers can create their own bundles and buy as much of the needed products separately. The replacement items are simply the individual items that were included in the bundles.

Important notes:

- a. All customers may place a last order per the End-of-Sale Effective Date in Table 1, and the guidelines listed in this announcement.
- b. All customer orders with a Customer Requested Delivery Date between the End-of-Sale Effective Date and the Last Ship Date will be Non-Cancellable and Non-Returnable (NCNR).
- c. As of this End-of-Sale Announcement Date, NSC will no longer accept customer orders with a customer requested delivery date beyond the Last Ship Date.
- d. All orders are subject to acceptance by NSC and are limited to quantity on hand.
- e. Customers with ongoing and/or project-based requirements for these SKUs should contact their NSC sales representative to discuss possible arrangements, within 2 weeks of the End-of-Sale Announcement Date shown in Table 1.
- f. If you have any questions about this End of Sale, please contact your NSC sales or support representative.

Thank you very much for your continued business.
