WHO WE ARE

CPSG is more than just another distributor. We are focused on selling the complete solution for your gate and access needs and are committed to providing consistent service and support to our customers and their businesses.

OUR MISSION

To be the nationwide destination company for safe perimeter access solutions through industry-leading support to our dealers so they can deliver exceptional value to the end user.

Your ONE Source for Expert Support

Our customers determine our success. They are the reason we have a business. We aim to create innovative, quality solutions to meet our customers' evolving needs.

We believe in the passionate pursuit of excellence. With over 140 employees nationwide, we are dedicated to consistently delivering the very best in products, services and support to our customers by providing:

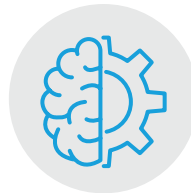

Local and regional support with 36 staffed and stocked branches nationwide, with more on the way

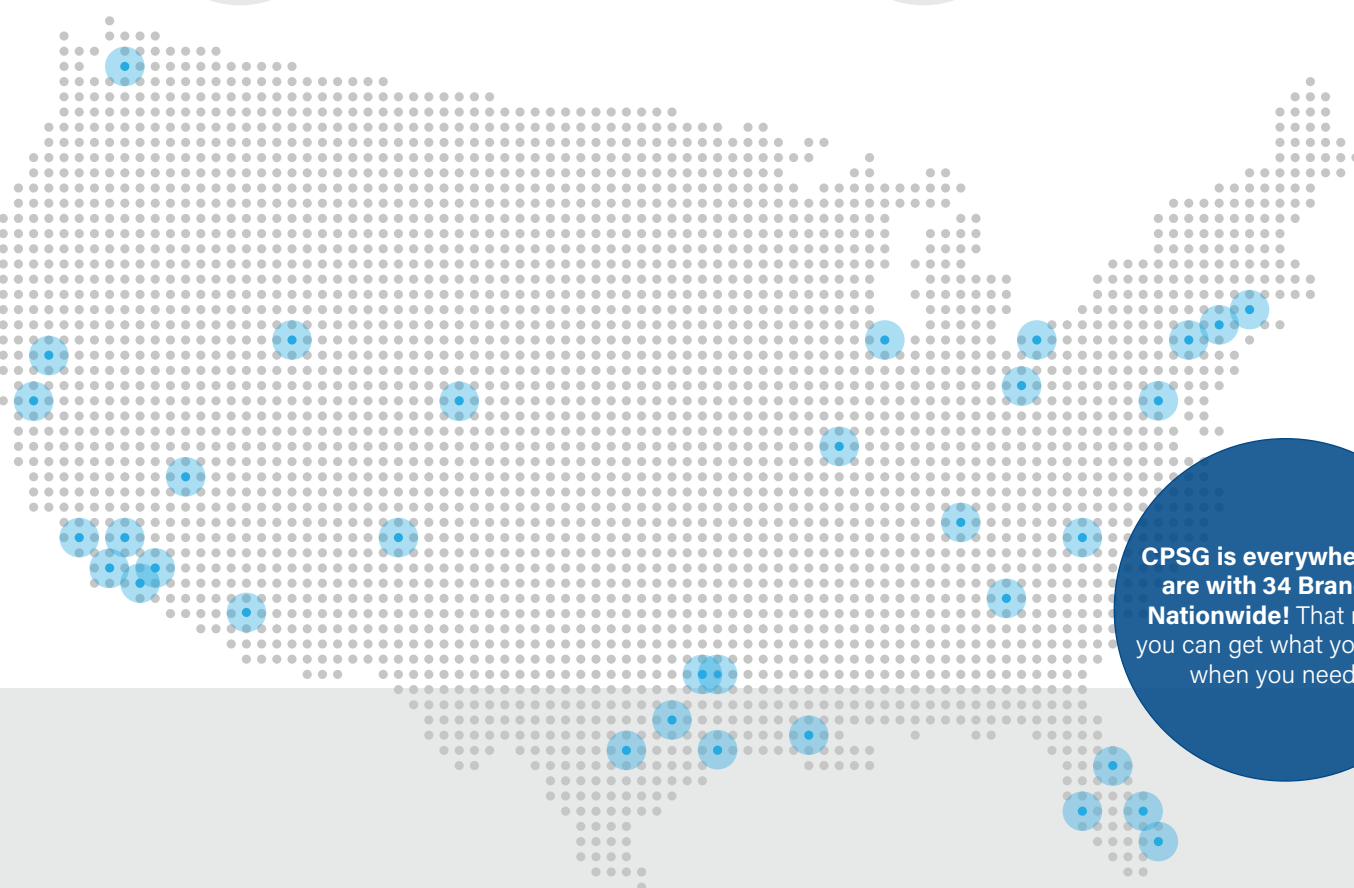

Local technical support with technical sales professionals stationed all across the country

Product training – both in our branch locations and via webinars

The most **cutting-edge and innovative new products** and access solutions on the market

CPSG is everywhere you are with 34 Branches Nationwide! That means you can get what you want, when you need it.

Your ONE Source for Technical Training

At CPSG, we believe strongly in helping our customers succeed. We invest in our customers and train tomorrow's leaders by providing a wide variety of courses that combine hands-on training with classroom and demo instruction. Our learning platform, CPSG-U, helps to provide our dealer and installer customers gain the competitive edge through state-of-the-art product training. CPSG-U courses guide students through a comprehensive education process introducing new technologies, tools and industry trends.

For those who are unable to attend training in person, we provide webinars that can be accessed at any time. Webinars can be found at www.controlledproducts.com

Your ONE Source for The Best in The Industry

Our supplier partners manufacture best-in-class products for the industry. We enhance these offerings through first level support, local inventory, financing, warranty processing and integration between product lines.
