

Want contactless setup?

We can safely help you get connected

You may request contactless setup if you don't want technicians handling your phone and want to practice social distancing. If this is the case, your technician should:

Wear mask and use hand sanitizer

Maintain 6' of social distance while guiding you

Leave-behind the Customer Connection Handout

Prefer to setup on your own? Follow steps 1, 2, 3

1

Create myQ account and add your device.

Download myQ App and create an account

If you haven't done so already, verify your email. Afterwards, go back to the myQ App and begin pairing your device to the app.

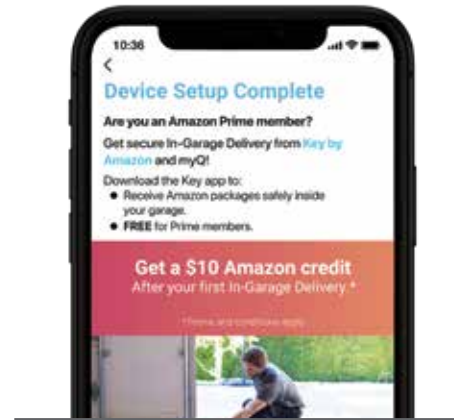

Add a device and setup

To add a device, tap the + icon at the bottom right corner of the myQ App screen. Pick the type of device you want to add.

Pair your device to your Wi-Fi network

You will need to know your Wi-Fi network password to complete setup. Once connected, you will be asked to name your device. Then, you are all set.

2

Link myQ to Key by Amazon to enable In-Garage Delivery.

Verify eligibility

Check to see if you live in an area that is eligible to receive Key by Amazon In-Garage Delivery at [Amazon.com/KeyForGarage](https://www.amazon.com/KeyForGarage).

Link myQ to Key by Amazon

Once you add your device, you will be asked if you are an Amazon Prime member. At this point, you can link your myQ account to Key by Amazon to enable In-Garage Delivery.

Authorize account

You will then authorize that you are allowing your myQ account to be linked to your Key address and delivery door.

3

You are now ready to receive Amazon packages inside your garage.

Select 'In-Garage Delivery'

When you are checking out on Amazon, select the "In-Garage Delivery" option to receive packages directly inside your garage.

LiftMaster

POWERED BY myQ

Open the door to endless possibilities

Your LiftMaster garage door opener, powered by myQ®, can do a lot more than you think. Ask your technician to help you set up your account so you can receive Key by Amazon In-Garage Delivery and more.

See what your garage can do

Complete control just a tap away

myQ smart technology is engineered to conveniently connect you to your garage whether you're home or away. Download the free myQ App today to start exploring a variety of features designed for you.

Forget to close the garage door? Get notified

Customize your settings to get notified if you leave the door open for 15 minutes, or set a schedule to make sure it's closed every night.

Provide guest access

The myQ App allows you to add guests to an account without having to share your password. This lets you grant access to people in your circle of trust. Add or remove access privileges at any time, and let people in from anywhere.

Get notified when the kids get home

Get alerts when the door opens, so you know when the kids get home. Add a LiftMaster Smart Garage Camera for more peace of mind.

Use smartphone as a backup remote

Your smartphone serves as a backup remote in the event that the remote or transmitter dies. Also, this gives you the freedom to live without a remote.

CONTROL FROM ANYWHERE

Get more from your garage

Key by Amazon In-Garage Delivery

If you are a Prime member in an eligible ZIP code, you can use Key by Amazon In-Garage Delivery to receive your packages securely inside your garage to protect against package theft, damage and bad weather.

Let myQ make your life simpler

Get ready to connect

Your LiftMaster technician can help you connect after the repair or installation is complete. Setup will only take a few minutes, but before you go back to the garage, have a few things ready.

Download the myQ App & create an account

Wi-Fi network and password

Amazon Prime account login and password

Limited time offer, expires 12/31/2021. Available to US dealers and distributors only. Limit one reward per household in Key-eligible markets. Check eligibility at myq.com/keybyamazon-ready.
