SlideDriver II & StrongSlide M30/M50 Training

Wednesday, March 13th • 7:30am - 4:30pm

The next generation SlideDriver II builds upon a legacy of security and reliability with the new SmartTouch 725 controller.

Top New Features Include:

- Simplified Setup with the HySecurity Installer App
- Integrated HyNet Capabilities
- Remote Configuration and Diagnostics
- Contactless Limit Sensors
- Adaptive Inherit Entrapment Sensors (IES)

Please note HySecurity will stop shipping the first generation SlideDriver on May 30, 2024.

This training on the SlideDriver II is critical for understanding the updated features.
