

PRODUCT BULLETIN

Date: January 25, 2019
Update Number: P2019-03
Subject: New wider temperature range for CAP2D
Product Affected: CAP2D – Connected Access Portal 2-Door Controller

LiftMaster is committed to continually improving our product portfolio to meet our customers' needs. All CAP2D's manufactured after December, 2018 will now have a wider temperature rating of -31°F to 150°F (-35°C to 66°C).

Type of Change: Improved components and regulatory approval for wider temperature rating

Change Description:

Model: CAP2D - Connected Access Portal 2-Door Controller

Description: New wider temperature rating

- New Temperature Range: **-31°F to 150°F** (-35°C to 66°C)
- Old Temperature Range: **32°F to 125°F** (0°C to 49°C)

Implementation schedule:

All CAP2D's manufactured after December 2018 have the new wider temperature rating and can be identified by the burgundy board. The older CAP2D's have a blue board.
