business™

Monitor: Track if any doors or gates were left open with real-time alerts. Control: Open and close doors and gates with a tap. Grant Access: Let in an employee or vendor while you're offline.

Manage the ins and outs of your community or facility with myQ Business cloud-based access control.

Presented by Tom Wojciechowski from LiftMaster.

This training will cover CAPXL installation, setup and programming along with myQ business training. **Lunch provided at noon.**
