The HOUSING COMPANY

CONTROLLED PRODUCTS SYSTEMS GROUP

ALL HOUSINGS AND STEEL PEDESTALS ARE 100% MADE IN THE USA INCLUDING SOURCE MATERIALS

BUILD AMERICA, BUY AMERICA ACT COMPLIANT

INJECTION MOLDED WIRELESS FRIENDLY HOUSINGS

For mounting cards readers, intercom stations, cameras and RF wireless transmission devices

PCH196 14x14

PCH091 7 x 13

PCH049 7 x 7

- **Lifetime Warranty – 100% Recyclable**
- **Housings are three+ inches deep – ideal for containment of control boards, wireless transceivers, etc.**
- **Polycarbonate material won't impede performance of RFID/prox devices**
- **Integrated hinge design significantly increases unit integrity**
- **Detachable cover makes for incredibly easy installations**
- **Incredibly durable – tensile strength 9,000 PSI**
- **Maintenance Free - Unlike metal housings, PCH Housings do not dent, rust or need painting**
- **Housing and cover are polycarbonate 103 – UV stabilized**
- **Standard lock set included and installed**
- **Installer friendly – use standard hand tools**

Three configurations available (7"x7", 7"x13", 14"x14")

Mechanical layout drawings available at:

www.thehousingcompany.com

NEW FEATURE AVAILABLE

ICMS - Internal Component Mountin Solution
Securely mount electronic/wireless devices inside of all three sizes of Housings
